The club has sent 12 complete layettes this year.

CHAMBERS PAINTED

A new coat of paint has been applied to the council chambers. The ceiling and upper half of the walls are cream, the floor and lower half of the walls are maroon.

Home from England where he served in the Canadian Corps of Fire-fighters, Wm. Drury, was visiting Newmarket early this week. He was discharged from the Canadian Corps of Fire-fighters with the disbanding of the corps recently and is now serving with the Toronto Fire Department.

Bill Drury went overseas with the corps in July, 1942, and was stationed at Plymouth. He was with the corps there until January of this year when it was decided the corps had served its purpose and would be disbanded.

Asked about his duties, Bill said that the corps had their own uniforms and considered themselves as part of the home defenses. The corps was formed when England was being continually showered with fire and high explosive bombs. The corps went on duty with the English firemen, an effort to hold down the cost in lives and to the war effort arising from the raids.

"The Nazis used to come over at regular intervals during my stay there," Bill said. "With German insistence on method, the planes, usually JU 88's, came over regularly between the 13th and 16th of each month, just before midnight. They were hit and run raids in an attempt to hurt the morale of the English people and learn what was doing in the port."

A narrow escape from a bomb was recounted by Bill. He had left his billet on a fire call during a raid and when he returned, he found that a fire bomb had fallen through the roof but had landed in a cistern of water and so had lost its effectiveness. He told of a family, bombed out three times, moving into the neighborhood and the fear felt by inhabitants that the family were "inxed." "Sure enough," said Bill, "in the next raid, a basketful of incendiaries fell on the house completely destroying it."

He had high praise for the way the English were standing up under the bombs and rigors of rationing. "When Canadians are down to two ounces of meat per person a week, then they will have something to object to as far as rationing is concerned."

Boys Held Responsible For Cottage Break-ins

County Constable William Hill reported that two youngsters whose ages are nine and ten were responsible for the break-in of five summer cottages at Jackson's Point last week. The officer stated that nothing of value was stolen but that considerable damage had been done.

The youths gained entrance by smashing the windows. Once inside they continued smashing dishes and electric light bulbs. Wherever they found pillows they slashed them and scattered the feathers about the rooms.

THREE NEW FEATURES HIGHLIGHT SEED FAIR

The ninth annual York County Seed Fair will be held at Sutton on Friday, March 16. There are three new features this year. The contest for Junior Farmers in seed judging is open to those under 28. All contestants will receive a lunch ticket as an inducement to start the competition with a bang at 10 a.m.

The new variety of early oats known as Ajax got a start in York county last year when, through the co-operation of the Crop Improvement Association and local seedsmen, over three cars of seed were distributed to farmers. According to Agricultural Representative W. M. Cockburn, these oats proved most satisfactory and a special class is included in the prize list for this variety this year.

The afternoon program, commencing in the auditorium of the town hall at 2:30, will feature an address by Alex. M. Stewart of Ailsa Craig, president of the Canadian Seed Growers' Association, who a few years ago was crowned Oat King at the Chicago International Grain Show. The National Film Board will present motion pictures on agricultural subjects of interest, after which the five and six bushel exhibits of sealed, registered oats and barley will be auctioned off.

The fair is being held at Sutton at the invitation of the Sutton Agricultural Society. It has not been held at Sutton since 1939.

ORGANIZE GUIDES

The Salvation Army is planning to organize a non-denominational Girl Guide patrol. The committee has secured Kenneth Butcher, Waterloo, president of the Ontario Federation who served last year as chairman of the health services committee, and Miss Mary Clark, superintendent of the Women's Institute branch, as special speakers.

REV. E. J. SANDERSON CALLED TO PASTORATE

The Rev. E. J. Sanderson, of Amherst, Ohio, has been called to the pastorate of the First Congregational Churches in the State; an invitation to become its minister offers real advancement for Mr. Sanderson.

Rev. Sanderson, known about town as "Sandy," was a member of the Christian church here. He was converted in the Friends church under the ministry of the Rev. Harry Parry, and was inspired to enter the ministry while the Rev. Fay LeMond was pastor at the Christian church. Mr. Sanderson served churches in Toronto (Victoria Park) and Kewick, then went to North Carolina to attend Elon College. He was graduated with a B.A. in 1939, and entered the graduate school of theology in Oberlin College in 1939 as the first Brown scholar. He was graduated with a B.D. in 1942. Since 1940 he has served the South Amherst Congregational church, Amherst, Ohio.

Mr. and Mrs. Sanderson and son, George Edward, will move west after April 15, and take up the duties in Fargo, May 1. Mr. Sanderson is the son of Mrs. Annie Sanderson, Newmarket.

HEALTH TOPIC AT MEETING OF HOME-SCHOOL

Health was the subject of the speakers before the Home and School Association meeting Tuesday in Trinity United church Sunday-school rooms. Mrs. J. C. R. Edwards spoke on nutrition, Mrs. M. B. Seldon, mental health, and Mrs. H. Bell, sex education. A report from Dr. J. H. Wesley, M.O.H., on the results of the skin tests for tuberculosis was read by Principal H. A. Jackson.

The program was opened with the presentation of a play by pupils of Miss Evelyn Denne's class at Stuart Scott school. Jean Pickering played a piano solo.

Mrs. Edwards told the meeting that of the million men that have been examined for service, 25 percent of them have been found physically unfit to serve in any capacity. "In a poll conducted in the Kitchener-Waterloo area," she said, "of 4,000 children in lower school grades examined, 34.6 percent were found to be poorly nourished." Mrs. Edwards urged that nutrition charts should be studied, and every care taken to see that well balanced meals are served.

"We teach children to express themselves, to experiment, but human relations is no field for experimentation," said Mrs. Bell. "Sex education should start in the home and as soon as possible. A frank answer should be given to the questions a child asks. A feeling of trust should be nurtured in the child by straightforward explanations."

Mrs. Seldon told the meeting that in many cases, the key to proper mental health in the child was proper environment in the home. "If a feeling of security, if sound habits can be supplied by the home, the child will benefit," she said. Affection, expressions of confidence, interest on the part of parents, all have a direct bearing on mental health, she stated.

Dr. Wesley's report stated that of 530 students given the skin test, only 19 showed positive reaction and these 19, when x-rayed, were found to be free of the disease. The report urged that all parents consent to have their children tested.

Mrs. H. E. Gilroy, president of the association, announced a rummage sale which will take place May 3, and urged all members to contribute clothes to the Save the Children fund which is being raised on behalf of the children in Europe.

T. F. WEBSTER DIES IN HIS 79TH YEAR

A life long resident of King township, T. F. Webster died at York County hospital Feb. 25 in his 79th year. Born in King township of pioneer stock, he led an active life. As a boy, he first learned marble cutting with Cassidy and Reid of Newmarket. Later he took up printing and served for a time with Thomas Radcliffe and sons who were established in the vicinity of Main and Bolstead Sts.

For several years he farmed in King township until 1916 when he bought the Glenville Mill property and operated a grist mill. In 1936 the mill was destroyed by fire and was not rebuilt. He retired a year ago and the family moved to Newmarket where they resided on Park Ave. west.

Surviving are his widow, the former Jennie Ramsden who he married 50 years ago; three sons, Gordon B., Newmarket, Ft. Leont, Vance B., overseas with the R.C.A.F., and Wm. Thomas, Mimico; one daughter, Mrs. John Jones, at home; and 11 grandchildren, four of whom are in the services.

The funeral was held Feb. 27 at the chapel of Roadhouse and Rose, Rev. W. J. Burton officiating. Pallbearers were Jna. Webster, Herb Webster, L. N. Blackburn, F. N. Smith, Alex Rutledge and T. F. Doyle. Interment was in Newmarket cemetery.

HIGH SCHOOL HAS ITS ANNUAL 'OPEN NIGHT'

Newmarket high school held its "Open Night" Friday when the students' work was on display and the classrooms open to parents' inspection. Two plays, Sunday Costs Five Pesos, directed by Mrs. Morgan, and The Bishop's Candlesticks, directed by Miss McGee, featured the evening.

Between plays, the parents and friends of the students were invited to inspect the classroom displays of the students' work.

SCOUTS, CUBS PARADE TO ARMY CITADEL

The Newmarket Boy Scouts and Cubs paraded to the Salvation Army Citadel on Sunday morning. Lieut.-Col. Rufus Spooner, Toronto, organizer of the Salvation Army Scout organization, now affiliated with the world association, led the meetings all day Sunday. The colonel was assisted during the services by Mrs. Spooner and Major and Mrs. Reg Gage. Misses Jenny and Eleanor Johnson, Toronto, contributed to the musical part of the services.

During the morning service the Scouts and Cubs repeated their promise.

At the Sunday-school in the afternoon Mrs. Gage enrolled four Brownies who had passed their recruit test and had their uniforms. These enrollments are usually done in the evening by candlelight. So that the parents and other young people could see the ceremony, it was conducted in the afternoon with lighted candles. Those enrolled were Barbara Watt, Rosina and Evelyn Wandsworth and Wilma Robinson. Leader of the Brownie troop is Zilpah Lavender.

During the evening service Col. Spooner presented a five-year long service badge to Zilpah Lavender, who has been a local officer for eight years, and a 10-year long service badge to Mrs. E. Adams, Sr.

In the after meeting the visitors presented a musical program. Col. Spooner played a concertina solo imitating church bells.

A. L. Campbell, School Inspector, Dies At Home

Archibald L. Campbell, M.A., B.Ed., died at his home in Weston on March 3 after a lengthy illness. He was actively connected with education for 54 years, 29 years of which he was a public school inspector in York county.

Born in King township, he attended Nobleton public school, Richmond Hill high school, Parkdale Collegiate and Toronto normal school. He served as a public school teacher, a high school teacher and principal.

During his years as a public school teacher at various schools he took a course at Queen's University extra-murally, and after a year in residence graduated with his Master of Arts degree in 1908. He received a presentation after 50 years' service in the field of education. In 1938 he retired.

MEETING IS TUESDAY

The regular monthly meeting of the Newmarket branch of the W.C.T.U. will be held at the home of Mrs. Hamilton Molyneux, 80 Prospect St., on Tuesday at 3 p.m.

Town solicitor N. L. Mathews gave Newmarket council a report of an interview he had with the director of vocational training of the department of education, F. S. Rutherford, at the regular council meeting Monday night.

"According to what Mr. Rutherford told me, plans for the vocational wing must first be verified and approved by the department and then a permit must be obtained from the controller of construction before they pass the case on to the finance committee of the department for consideration of the grant," said Mr. Mathews.

"When I said the plans had been accepted by the department seven years ago, he replied that requirements could have changed considerably in that time. He also said he thought it highly improbable that the controller of construction would grant a permit for the vocational wing at this particular time, because having done without it for the past 50 years we could do without it for another."

"It may be a case of telling size a very different story from the one he told the high school board, but right now there is nothing council can do. It is up to the high school board to present the plans of the vocational wing to the department," said Mr. Mathews.

On a motion from Councillor Joseph Vale, the offer of the Bank of Toronto to purchase the arena debentures of \$16,000 at three percent, payable \$2,000 yearly from 1945-52 inclusive on a two and a half percent basis at a price of \$102.12 and accrued interest, was accepted, and the treasurer was instructed to sell debentures, when issued, in accordance with the said offer.

Councillor George Byers suggested that the council offer congratulations to the Women's Institute for the success of the Ice Follies. "I would suggest that a concrete form of appreciation and encouragement to the Women's Institute would be for council to reduce its share of the rate from 15 to five percent," said Councillor Byers.

"Aside from the financial gain, I might say that even if we had only broken even, these women have made a real contribution to both the town and the kids," said Mayor Dr. L. W. Daley.

"I agree with you, Mayor Daley," said Councillor Vale, "but I think it is necessary to keep the arena on a business basis, for if we don't, the same thing will happen to the arena that happened to the town hall."

Mayor Daley: "Could we then give assurance to those women, that we shall assist them in the projects they intend to undertake?"

Council agreed.

"I think we should also pass a motion to thank Les Beazer for the splendid production he turned out," suggested Councillor Byers.

Councillor Byers' motion was seconded by Councillor Bowser.

J. O. Little asked council if the ceiling of the hand hall could be painted and the walls be painted.

Council assured him the work would be done, and passed a vote of thanks for the efforts Mr. Little has put forth on behalf of the band.

The following resolutions were passed at the convention of North York Temperance Federation which was held at the Aurora United church Feb. 9:

That we are opposed to the liquor traffic in all its forms. (a) That we particularly object to beverage rooms and wine shops. (b) That we heartily endorse a resolution adopted by the provincial board of the Federated Women's Institute of Ontario at their annual meeting, November, 1944, as follows: Whereas, women's beverage rooms are creating deplorable conditions in many Ontario cities; and whereas, women's beverage rooms are a fertile cause of evil, contributing to juvenile and parental delinquency and whereas frequenting beverage rooms by women of all ages lessens our moral standard; and whereas, Ontario is one of the few provinces allowing open beverage rooms for girls and women, therefore be it resolved that we petition the government of Ontario to abolish women's beverage rooms permanently in Ontario.

That this convention reaffirm its decision of a former year regarding the use of the Ontario Temperance Voters' League and urge all our people to use these pledge cards and plan, in event of an election, to take united action.

That we petition the provincial government asking that the present provision for local option be amended to further provide for local option by counties with the stipulation that any local option municipality within a county should not lose its local option status in case of an adverse vote in the county and without prejudice to municipal rights.

Re education: (a) That the resolution of last year regarding temperance education in our schools be reaffirmed, namely, that the emphasis be placed on abstinence with the addition that such teaching be made subject to the same tests as other subjects in the school curriculum and that such teaching be supplemented by outside speakers qualified to teach scientific

temperance. (b) That we recommend to all the schools of North York the use of the five lessons on temperance prepared by the W.T.C.U. and the O.R.E.C. along with the posters and temperance literature supplied by the Ontario Temperance Federation. That we ask the dominion government to stop the manufacture of all beverage alcohols for the duration of the war.

A MINISTER SPEAKS

The following article was reprinted from Tidings, the official organ of the Congregational-Christian churches of Ontario. It is here reprinted with the thought that its message has particular meaning for the present.

By Rev. A. B. STEIN

After experiencing five years of the most devastating and barbaric warfare in the history of man, we have arrived at the place where we can see rifts in the storm clouds of war and occasional sunbeams of victory shining through to gladden our hearts and inspire our hopes. It has not been by human ingenuity or skill alone that we have been brought to this day. Whole days and nights have been spent in prayer by devout people who seek not only the cessation of hostilities, but the solution to all earth's problems by the establishment of Christ's Kingdom within the heart of the individual and the seeking of His will and glory first, by the nations.

Since the outbreak of World War II, and because of it, there has been a rather wide-spread acceptance of a theme which should be carefully examined. On the surface it savors of wisdom, while actually it is a question if it rises to the height of dignified nonsense. Most commonly the thought is expressed: "Prepare for war in time of peace, in time of war, prepare for peace." We agree that it is a pithy couplet and of the type which the average person likes to roll under his tongue.

The latter part: "In time of war prepare for peace" is a good, sound philosophy. It is to such preparation that all should be giving energy and thought. We do well to question ourselves as a conference: "What are we doing?" Are we planning a forward movement? Are we setting up the mechanism which will put us in touch with our own lads when they return? Are we geared to meet their need as a live, evangelical, energetic, militant body. Can we demonstrate to them that we are just as interested in rolling back the forces of evil, as were they to fight a physical foe? When the boys return they will not want platitudes or theories. They will want reality and life, and if they find us with smug satisfaction sitting on the sidelines with an insipid display of drawing-room manners, it will not take a philosopher or seer to tell what their reactions will be. The call of scripture is ever: "Quit you like men, be strong." Let us, then, pull off the muffs of spiritual inertia; put on the battle dress of the militant church; pull the sword, fling away the scabbard and battle against the forces of evil. Be militant for Christ; for His cause and Kingdom; for His church; for our own conference.

But look further at the former part of our couplet. "Prepare for war in time of peace." It is here the fallacy and limitations of human reason appear. We have no doubt that the allied nations will never again be found unprepared. Nevertheless, we make a grave mistake when we trust that preparedness to secure our peace. If we are prepared, so will other nations be prepared. Prepared with ships and tanks and planes and guns, of greater proportions and capabilities than heretofore dreamed of. Prepared for what? WAR. Dress it up any way you like, it is still reducible to that incontrovertible fact. Our contention is, that nations which are physically and materially prepared for war are also morally, spiritually and psychologically prepared for war. Any other conclusion than that is a reversal of the laws of nature and we will be attempting to gather "grapes of thorns and figs of thistles." If the way of peace is to prepare for war, then the way to build a seaworthy craft is to cut the ribs and drill holes

in the hull. After facing a world conflict for the second time in the life of the present generation, we must admit that this plan of preparedness is the most natural reaction. It is also about the best of which man, in himself, is capable. It will meet with some measure of success. This plan, however, will never rid the world of war and, if we trust it for our peace, we are building our house of hope on shifting sand.

It may be argued, that had Britain been prepared, Germany would not have struck. Would it not be closer to the truth if we said: "Germany would not have struck when she did." Britain's unpreparedness was no doubt a determining factor as to when Germany would strike, but not as to whether or not she would strike.

Germany was and is imbued with that doctrine which emphasizes her God-given right to dominate and rule. (Super race, etc.) When people become thoroughly inoculated with such virus as that, they become blind to all else. Nothing can hinder them: nothing can defeat them; this is their God-given destiny. Superior numbers may oppose with superior equipment, but alas, these only afford the opportunity of proving the reality of their conviction.

What led Japan into the war? That same deadly virus. She knew that her equipment and training had come largely from America. She knew that America could turn against her all the might of the most highly mechanized nation in the world. The thing of which she was most conscious, however, was her commission to rule, given to her by the sun-god. Nothing else mattered.

The greatest contribution that can be made to world peace, is to make known to all men the Prince of Peace, the Lord Jesus Christ. Those convinced that their right to rule is God-given must be brought to know God—Who HE is; What HE is like. They can know that only through the Word of God and the Lord Jesus Christ. The God of Holy writ is the only true God and HE is of purer eye than to lead nations into such a bloody holocaust for the sake of national power.

These facts make the challenge of the Christian church clear-cut. Let us make Christ known, for the message of the Gospel is the only antidote for the malignant diseases of this world. Let us give ourselves to His service and pray that God will hasten the day when, "Men shall beat their spears into pruning hocks and their swords into plow shares, when nation shall not lift up sword against nation, neither shall they learn war any more." "They shall not hurt nor destroy in all my holy mountain: for the earth shall be full of the knowledge of the Lord, as the waters cover the sea."

Boys Abroad Unanimous In Praise For Vets

Received your ever welcome parcel of cigarettes," writes Sgt. Wm. Everest, stationed with the R.A.F. in Ceylon, to the Newmarket Veterans' Association. "It is really a pleasure to have a good Canadian smoke again. You fellows are doing a good job."

There are several fellows from Toronto and suburbs on this squadron. Red Fisher from Aurora is the only chap who is really close to home."

Lt-Bdr. Lorne McCordick writes the Veterans that he has been away from his unit but hopes to get back again. "I have met quite a few Newmarket and district lads lately and have chatted over old times. Thanks again for the cigarettes."

Pte. H. E. Haines writes from hospital to the Veterans that, "I think that the other Newmarket lads will agree that you couldn't have played a more prominent part in the war than by sending smokes to the boys and I see by the town paper that the other fellows are being looked after also."

Really Wonderful, Writes Serviceman To Town

A warning to brace themselves and be ready to hold off the boys who return from overseas as they try and thank the home town folks for their parcels and cigarettes was contained in a letter of thanks to the Newmarket Veterans' Association from Cdr. Bruce Gould, R.C.N. V.R., St. John's, Newfoundland. Writing his thanks for the cigarettes he recently received, Cdr. Gould says: "I see by the town paper that you have had quite a bit of snow. Sure looks good judging from the pictures of Main St. So far it is just rain and more rain here, although we did have some snow for Christmas and New Year's."

"It's really wonderful the way the folks of Newmarket are thinking and looking after the fellows like myself who are lucky enough and proud enough to be able to shout Newmarket when asked, 'Where are you from chum?'"

"Recently I received a New Year's greeting from the mayor, the council and all the citizens of 'the old home town.' Sure gives a guy a swell feeling and believe me, each one of us Newmarket guys realize more than ever, each time we get cigarettes and greetings and good wishes from the folks of Newmarket, just what we are fighting for."

"We'll all be back and you can brace yourselves to hold us off because we certainly intend to thank you, each and every one, personally, for everything. You'll certainly be in a spot if we all start at once."

WILLOW BEACH
(March 1)
Mr. and Mrs. Clyde Draper spent the weekend with Mr. and Mrs. C. J. Draper. Miss Helen Huntley spent last weekend with her parents. The ice fishing attracts a number of people over the weekends. Doug Woodrow and Alf Callaway, Newmarket, were among some of the visitors to the fish-houses last Sunday. Mrs. Harland Huntley entertained the members of the Boys' Comforts club on Wednesday. A quilt was completed and the ladies enjoyed a delicious mid-day dinner. There were 12 members present. Mrs. David Jones is ill at the home of her daughter, Mrs. A. Charpentier, Sutton.

PROCLAMATION!

(Issued under the authority of the Emergency Shelter Regulations, Order-in-Council, P.C. 9439, December 19, 1944)

WARNING

ALL PERSONS PLANNING TO MOVE TO

Victoria · Vancouver · New Westminster

Hamilton · Toronto · Ottawa · Hull

As part of a plan to meet congested conditions, all persons who propose to rent or occupy family quarters in any of these Emergency Shelter Areas are required by Board order first to obtain a permit from the Administrator of Emergency Shelter for the district.

The purpose of the order is to help those who must be in these areas to obtain necessary accommodation.

Before completing arrangements to move to any of these districts, write to the Administrator for full particulars of the Emergency Shelter Regulations as they apply to that district.

THIS IS THE LAW No person may move to and rent or occupy family quarters in any of these districts without an Administrator's permit Form E.S. 1.

Every person who rents or occupies family quarters in any of these districts contrary to the order, commits an offence and, in addition to other penalties, will be required by the Administrator to vacate the shelter and the district at his own expense.

The Emergency Shelter Regulations provide serious penalties for hindering or obstructing these efforts and for any contravention of the regulations or of an order of the Board or of the Administrators.

Kidney Acids Rob Your Rest

Many people never seem to get a good night's rest. They turn and toss—try to relax and cannot sleep. Often they blame it on "nerves" when it may be their kidneys. Healthy kidneys filter poisons from the blood. If they are faulty and fail, poisons stay in the system and sleeplessness, headache, backache, nervousness, if you don't sleep well, try Dodd's Kidney Pills—try half a candy the favorite remedy.

FARM FORUM NEWS

The Newmarket East Farm Forum met Feb. 19 at the home of Mr. and Mrs. W. Wilmet. There was an attendance of 12. The subject was "Should Producers Control Marketing?" The findings of the forum as reported by the secretary were:

We feel potatoes should be covered by a provincial marketing scheme because they aren't a uniform product. Prices would be more stable under a producer's marketing association. Milk, eggs, hogs and beef should also be included in this scheme. We agree that we should have producer-controlled

marketing and it would not infringe on the freedom of the farmers.

We feel that the farmers need co-operative marketing with an international exchange to feed the people of the world in the postwar period.

A half-hour of recreation was greatly enjoyed by all. Refreshments were then served by the hostess. The next meeting is Feb. 26 at the home of Mr. and Mrs. Vernon Mount.

Fags Welcome Treat After Period At Front

Writing to thank the Newmarket Veterans' Association Comforts Fund for the parcel they sent, Pte. W. Connel says that he is in good health and back with his unit. "Quite a few of the chums I had before I left are missing from the ranks but I suppose that is the price we are paying for what we hope will be peace and security after this job is done," he writes.

"After months at the front, it was very nice to receive your parcel of cigarettes, especially on my first day of rest," writes Lieut. Donald A. Elines from Italy to the Newmarket Veterans. "We have just pulled back for a rest after making a record for this war, of being in the lines the longest of any unit. I know the cigarettes will help me greatly to relax my nerves and bring me back to a more normal way of life."

"The Royal Engineers are very happy to see us out. They never could get time to rest as we kept them busy building bridges over roads and rivers to keep supplies rolling in."

From St. John's, Newfoundland, SBA Robert Brooks writes to the Newmarket Veterans: "Again I wish to thank the Newmarket Veterans for a much appreciated gift. I also thank you for your share in despatching Christmas boxes to the boys of Newmarket who are serving all over the world."

"I have seen Bob Benville two or three times in the last week. Home always seems to become the main trend of our conversations."

Letters and cards of thanks have been received from Pte. Ronald McDonald, Pte. A. M. Ferguson, Pte. V. Mosier, Pte. E. Callaghan, Sgt. A. Lindenbaum and Pte. G. W. Purchase.

COMFORTS ACKNOWLEDGED

Capt. A. Robinson of the Salvation Army acknowledges the receipt of the following goods for shipment overseas: from Church of Christ, Pine Orchard, Mrs. A. Widdifield, Newmarket, president, one quilt, two children's dresses, two boys' knitted suits.

From the Neighbors' Workers clubs, Mrs. Stickwood, Niagara St., president, six quilts, two pairs pants, one shirt, one sweater, one pair socks, seven assorted baby garments.

DOWN THE CENTRE

Richmond Hill juniors playing outstanding hockey, took the fabled Markham Greenhorns into camp and this week meet Port Credit in a best two of three games series to determine who hits the play-off trail. Coach Howie Shaw has youngsters playing head up hockey and has re-arranged the team. While he isn't saying much, he figures they can take the Ports.

It will be a popular win if it materializes and while the group winner is not likely to go very far this season in view of such teams as St. Mike's, Barrie, Chewie's Aces, Oshawa, etc., it will reward the Hill kids (and they are just that) for their hard work.

Now, the big, heavy Port Credit team, with most of the boys in their last year of junior hockey, are a pretty tough team to beat so that in calling the Hill we are not giving ourselves the best of it. All year the Ports have rarely had more than minor players on hand, have argued with themselves, skated on the ice apparently pepped up by something a little stronger than "coke" and yet managed to win, which indicates the latent class of the players.

Herman Easterhouse has been added to Hill team as a wartime replacement for Russ Dunn who has joined the Canadian navy and, of course, is automatically disbarred from further play. Easterhouse was one of the stars of the series with Markham and looks much better than when he was with the Redmen Capitals. Teamed with Jim Smith, the fastest skating defenceman in the group, and the steady Herbie Rose, Herman is using his weight to advantage and is skating very fast.

Pools of water were on the ice last Friday at the Hill as the home team went to work with a five-goal lead, gained right in Markham. The Aces yelled to high heaven about ice conditions but secretary Bill Hewitt of the O.H.A. ordered the game to go on, much to the delight of Jimmy Grainger and Grant Nighswander. It was a surprisingly good display for all that Markham were beaten from the start and attracted a paid gate of 379 adults, the largest crowd of the season, but a mere shadow of those that should have been there.

At Markham, the Aces played to 402 people the night previous so you can see that no one is going to get wealthy on the take. In addition the O.H.A. takes a five percent cut on all play-off games and referees' fees when the chips are down, somehow or other, always seem to come a bit higher. The scores on the two games were 8-3 and 7-1, respectively, pretty convincing evidence as to which team was the superior.

Denny Cosgrove, who plays left wing on the first line with Bill Mundell and Son Rowntree, scored four goals in the two games to maintain his great scoring feats of the year. Cosgrove has one important point to his play, ignored by too many players. As soon as Denny sees an opening, or has a chance, he fires the puck and gets the results.

Bill Mundell, the leading sniper of the Hill team last winter, is running in hard luck this season and is outlucked on more chances than any player on the team. If he can shake the jinx, the Rowntree clan will be all set. We thought Son Rowntree to be the most improved player of the year. Son justifies his father's confidence in him and is playing centre in a style reminiscent of Joint McComb in his early junior days.

After considerable difficulty, we have finally been able to compile the scoring records of the junior group. This is as accurate as we can make it, being taken from official circles, but unfortunately, especially in the matter of assists, the league scorers are not all they might be (that definitely doesn't refer to either George Haskett or Jimmy Grainger). Here is the scoring parade:

	G	A	Pts.
Bob Bowcott (M)	26	15	41
Galbraith (Pt. C)	12	10	22
Cosgrove (R. Hill)	18	4	22
H. Forgie (M)	6	15	21
Rowntree (R. Hill)	9	10	19
Hassard (R. Hill)	11	7	18
Little (M)	8	9	17
Smith (Pt. C)	10	6	16
McCrone (R. Hill)	11	5	16
Milne (Pt. C)	12	3	15
Davidson (Pt. C)	10	5	15
B. Forgie (M)	11	3	14
Duz (Pt. C)	10	4	14
Sullivan (R. Hill)	10	4	14
Nicholson (M)	7	5	12
Pavanel (Pt. C)	9	3	12
Mundell (R. Hill)	3	8	11
McManus (N)	2	9	11
Wilson (M)	8	3	11
O'Brien (N)	6	4	10
Hews (M)	8	2	10

We cut the list short at ten points but, of course, the outstanding performance of the year is the scoring of Bob Bowcott of Markham. The stocky left winger has played his last year in junior with a blaze of glory and that mark of 41 points runs with the best ever recorded among district clubs. Bowcott is dynamite around the nets and can take the knocks. His shot is not hard but picks the corners. His performance gives the leadership in both goals and assists.

The marks set by Galbraith of Port Credit and Denny Cosgrove look mighty good too. Bruce Forgie of Markham in the few games he played showed up well but he was really inept, at least he is still in the navy. Smith of Port Credit led all defencemen in the scoring end of it and, defensively, he is just as potent. It should be remembered that no Newmarket scorers could reach the top since the club failed to finish the regular schedule.

Congrats to Pickering College and Aurora high school for their basketball triumphs. Both schools are hotbeds of basketball and invariably produce good teams. This year was no exception, both schools winning double crowns. Pickering annexed the prep school groups, the junior requiring an extra game to oust University of Toronto schools. Coach Murray Jackson points out with pride that it is the fourth straight triumph in the senior section and the second straight for the juniors. The Newmarket scholars will seek the provincial and dominion titles.

This year the suburban schools

in the Toronto district are not sending in their winners so that the first clash for Pickering will be with the Toronto high school winners. The teams this season are not quite as flashy as some of the teams of other seasons but are playing sound ball and can be depended upon to give a good account of themselves.

For Aurora, it was the fifth straight senior diadem and the regaining of the junior pennant, won last year by Richmond Hill. The Hill team were favored to repeat in senior this year but a loss to Newmarket was enough to send them to the discard with the way the Aurora lads were playing.

Bill Babcock, bespectacled guard of the Aurora seniors, playing his last season of high school basketball (all the seniors are expected to graduate), in addition to playing a sound game, has aided in the coaching of the teams and generally has done a first class job. The secondary school fans seldom see the good Pickering teams for the Pickering high school entry is a second team in both cases so that a clash between the Aurora teams and those from the college would seem a natural culmination for the four teams as well as giving a clue as to the difference in calibre of basketball between the two groups.

Chirp Brencley, who for some months was stationed at Newmarket camp, where he played soccer but was not around for hockey, has been discharged from the R.C.A.F. and is playing senior hockey with St. Catharines. Jimmy Cook, one of the greatest junior high school track stars ever produced in North York, is reported wounded in action in Holland where he serves with a Canadian highland unit. No details are available so let's hope for the best.

Reported as missing overseas is WO2 Vic Reynolds, former member of Barrie Lions and Barrie Colts hockey clubs and, well known to sports fans. Vic serves with the R.C.A.F.

Nuggets Shore, now in England, with the air force, was seriously injured a few weeks ago. Shore was riding on a bus when it met with an accident in the course of its route. The details are not as yet available. Nuggets, whose correct name is Kelsie, was one of the best softball hurlers in the York-Simcoe circuit and kept Aurora near the top for quite a few years. He was also adept with skates and stick, playing for Aurora juniors, Kleinberg and others. Shore's many friends will be pulling for him to come back to Canada good as ever.

Chuck Shannon, bespectacled defence star of Toronto Army, played a bang-up game last week for Newmarket army in their game with navy. There is no gainsaying the fact the blue and gold needed a bit of strengthening at the blueline and Shannon's transfer came at an opportune moment. On the big ice surface at Maple Leaf Gardens, Newmarket will show to advantage and we will still like them to take (Continued On Page 8)

Where's My SHUR-GAIN?

Just hatched and hasn't had his first feed yet! He's looking around now for a meal and if he's fortunate, he'll find a plentiful supply of fresh, palatable, attractive SHUR-GAIN Chick Starter awaiting him.

Maybe you can fool some of the people some of the time but you can't fool baby chicks, nor can you fool experienced farmers with low-grade chick feeds. They know that only a well-balanced, highly-fortified feed will suit the needs of baby chicks. Baby chicks must have a feed that tastes good, that looks good and that contains a very low fibre content. That's why SHUR-GAIN Chick Starter is so valuable a feed for chicks. It tastes good because of its absolute freshness and its variety of ingredients. It looks good to chicks because of its fine color and attractive texture. It's most digestible because of the choice of ingredients incorporated that can be properly digested and turned into sturdy growth by healthy chicks.

Don't delay—order your supply today. You should have a bag or two on hand for the early first arrivals. Remember, a good, growthy start now means earlier production from your pullets in the fall when egg prices are highest and profits come easier!

HOW MUCH OF THIS MONEY WENT INTO YOUR POCKET?

THAT'S A LOT OF MONEY! It represents the gross agricultural production in Canada for 1944 as estimated by one of the country's leading farm magazines. It represents the earnings of Canada's biggest primary industry.

Is the share of this huge sum of money which came off your farm as much as it might be? In other words, is your farm producing to the full extent of its possibilities? Could it be made to produce more?

You can answer these questions for yourself best if you are in a position to know exactly how much you spend and how much you receive in each of your farm operations.

You can know these facts only if you have some

reliable way of keeping track of your receipts and expenses. We don't mean anything complicated... just the opposite—something quite simple, such as our Farm Account Book.

A few minutes at this book every day or so and you will know just which operations of your farm are doing well, which only fair, which are falling behind. Then you can take the necessary steps to correct matters.

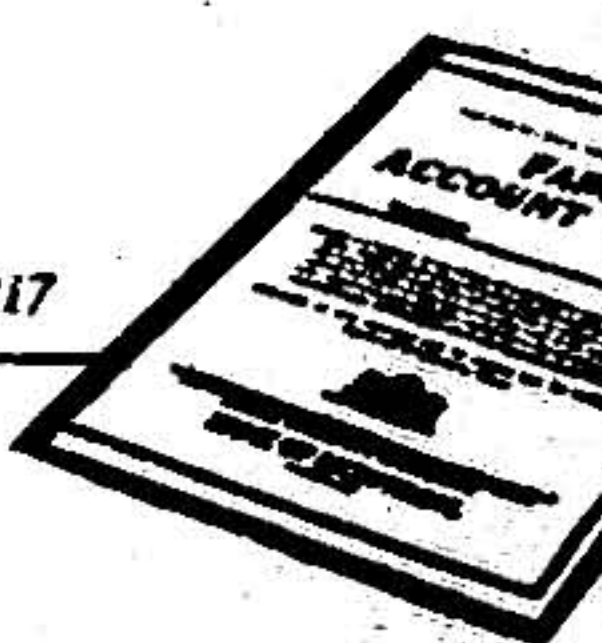

A copy of this book is yours for the asking. Call at our local office for a copy. While you are in, have a word with our manager. He will be glad to see you and to discuss any problems you may have in the operation of your farm.

RED CROSS Again Asks Your Help

You Give to the Worthiest of Causes When You Give to Your Red Cross

And if you should stop to ask the reason why—the answers are manifold! For this great army, your Red Cross, stretches out a hand of mercy to millions all over the world, soldiers, sailors, marines and civilians. A hand that collects millions of pints of life-saving plasma... a hand that delivers millions of sustaining food packages to dejected allied war prisoners... a hand that delivers heartening emergency messages from loved ones and to loved ones... a hand that brings food and clothing to helpless victims of a ruthless war.

YES, THIS IS YOUR RED CROSS

THAT DOES ALL THESE THINGS AND MORE!

For over a war-torn world its hand of compassion offers hope and comfort to wrecked souls and maimed bodies. Can an organization whose every fibre is directed at aiding and giving solace to the war-weary be denied?

LOOK TO YOUR HEART FOR THE ANSWER

Without your generous contributions the Red Cross could not carry on its magnificent and humanitarian work. Your son, husband, brother or sweetheart would be without the plasma needed to save his life... without the recreation that keeps up his morale... without those important little things that bring a semblance of home into the horrors of battle.

A Message

FROM THE RED CROSS

Give generously to the Red Cross drive. The Red Cross has shipped 13,460,000 food parcels to prisoners of war. At a time when they are cut off from all other help, Red Cross steps in, bridging the gap between them and their loved ones at home, preserving their lives with millions of food parcels, medicines, clothes, bedding, keeping up their morale with books, sporting goods, musical instruments, entertainment equipment.

Millions of people in the liberated countries are destitute and in want. At the suggestion of the Canadian government, the Canadian United Allied Relief Fund is collaborating with the Canadian Red Cross to send additional aid to Allied Red Cross societies for distribution to the stricken civilians of the United Nations.

Hospital, medical supplies, field comforts, relief clothing have been shipped overseas. More will be needed, urgently, emergency first aid and hospital supplies on which the lives of our men will depend.

Blood serum and penicillin are credited with being the miracle lifesavers of this war. The demand for blood serum from all battlefronts has never been greater than now.

Extensive aid for disabled war veterans, including lodges at our military hospitals; Junior Red Cross inspiring health and good citizenship among our school children; output hospitals in frontier districts; nutrition service, home nursing, first aid—all these and other services must continue and expand for the present and future good of our country.

Contributions of \$1 or more automatically make the subscribers members of the Canadian Red Cross Society.

PARCELS FOR PRISONERS

In a large warehouse in Geneva, this warehouse have passed 13,000,000 food parcels from Canadian Red Cross packing plants in Canada since the start of the war. Each is a life-giving bundle for our servicemen. Our men in prison camps say that without them they could not exist.

Puzzlers Must Work For This Week's Passes

Thirty contestants sent in correct answers to last week's classified ad contest. A number of others were incorrect.

Mrs. C. Pipher, 15 Ontario St. W. Mrs. H. J. Luck, Mrs. G. Farman, Mrs. Ted Baillie and Mrs. McNicol, R. R. 3, all of Newmarket, are this week's five winners. They may pick up their passes to the Strand theatre any evening at the theatre.

The non-winning correct answers have been credited in the puzzle editor's file.

These five winners may see Joan Fontaine and Arturo Cordero in Frenchman's Creek, on Tuesday, March 13, or Jean Arthur and Lee Bowman in Impatient Years, and Jack Carson, Jane Wyman and Irene Manning in Make Your Own Bed, on Thursday, March 15.

The puzzle editor made an error in the last word. The correct answers were: pictures, average(d), sprayer, capacity, corresponding, thoroughbred, batteries, equipment, shoulders and raincoat.

THIS WEEK'S CONTEST

The five winners of this week's contest will receive double passes to the Strand theatre and may attend Tuesday, March 20, when Bud Abbott and Lou Costello star in Lost In A Harem, and Faye Emerson and Jerome Cowan star in Crime By Night, or Thursday, March 22, when Jon Hall and Louise Allbritton star in San Diego I Love You, and Ronald Colman and Marlene Dietrich star in Kismet.

Entries must reach The Era and Express office by 9:30 Tuesday morning. Only one entry will be accepted from any one household or family and the entry must be in the contestant's own handwriting.

Contestants are asked to send their entries in on a slip of paper two and a half inches by four and a half inches (2½" x 4½"). This week's contestants are really going to have to work for their double passes. The ten classified words were coded. Every other letter was dropped and the remaining letters were scrambled. Here they are: **DFNN, NONXB, HKUC, TLWNL, WG, UNNLT, MWVN, LZTB, UBB, UTNOWK, SNOOBZ.**

NOTICE

Small arms and revolvers must be re-registered at the police station between March 1 and July 1, 1945. Jas. Leeder, Acting Chief Constable.

NOTICE

I will not be responsible for any debts made by Alvira Thompson after March 1, 1945. George Thompson.

Teen-Agers Club Keeps
Young Aurorans Happy

MENTIONED IN DISPATCHES

It's a case of "swing and sway" the teen-age way at Aurora high school each Friday night as the Aurora Teen-Agers club continues to grow in popularity. The club is now about a month old. During that time the idea has definitely sold itself to youngsters between 13-19 and to the adults who have taken the time to walk over to the high school and see the boys and girls enjoying themselves under the best possible conditions.

Councillor Rod. V. Smith, fairly godfather of the club and master of ceremonies, points with pride to the growing numbers of boys and girls who are attending. "We still need more boys though," says Mr. Smith.

Dancing to the latest recordings, jive and sweet, ping-pong, darts, checkers, croquinoles, automatic hockey, quiz contests, amateur shows and eats give individuality a chance to find its own level. Behind the scenes are several ladies in the community who prepare sandwiches, which are sold at cost, each Friday afternoon. Chocolate milk and pop are also sold to the hungry youngsters.

Dress is optional and informal, bobby-sox and sweaters, sport jackets and flannels being the general habitations. Formality is at a minimum and the youngsters are being encouraged to take charge of the proceedings themselves. A congo line and Paul Jones numbers are popular. When an "act" is being put on by one of the youngsters the gang gathers around to give applause.

Adults who have attended are warm in their praise of the good manners and consideration for others shown by the teen-agers. Councillor Smith and those who are working with him, believe they have found the solution to making Aurora youngsters happier. The kids do too.

All this month and until the warmer weather comes, the club will hold forth on Fridays at the school, which has been secured from the board at a low rental. From the nominal charge made, recordings are being purchased, more games are being secured and a small surplus being built up for the future.

Horace Braden, Toronto, was in charge of Sunday's services at Aurora Gospel church.

The Evening Auxiliary of Aurora United church met on Tuesday evening at the home of Mrs. John Readman.

R. V. Smith, Ernie Eveleigh and F. Hughes formed a saxophone trio at the Aurora Men's Bible class in Aurora Baptist church on Sunday.

The W.M.S. of St. Andrew's Presbyterian church met on Tuesday at the home of Mrs. Robert Thomson.

Squad-Ldr. H. L. Kay is reported missing.

Mr. Harry Leslie Kay, Toronto, has been informed that her husband, Squad-Ldr. Harry Leslie Kay, 32, has been missing since air operations over Stuttgart, Germany, on Jan. 23. He was the pilot of a Lancaster bomber in the Ghost Squadron.

Squad-Ldr. Kay is a son of Dr. and Mrs. A. F. Kay, Schomberg. He was educated at Aurora high school and graduated from Victoria College, University of Toronto, in commerce and finance in 1933. He was then employed by the department of highways.

He enlisted with the permanent air force, R.C.A.F., in 1938, and trained at Camp Borden and Trenton. He was commanding officer at Windsor and Oshawa before attending the Empire Central Flying School in England.

Squad-Ldr. Kay returned to Canada in October, 1943, and went back overseas April 1, 1944. He had completed 12 operational flights when he was reported missing.

Squad-Ldr. Kay has a two-year-old daughter, Judith Ann. A brother, Capt. Ronald Kay, is on field hygiene unit duty in Holland.

DOWN THE CENTRE

(Continued from Page 4)
the series. Too bad, though, weather conditions are such that no one can be sure another game will be carded for Newmarket. The district fans have given good support to the soldier boys and it will need bigger crowds to equalize the club's share from the gardens, as the Church street sports palace takes a healthy cut from the gross take.
Once again it is the old story of the golden eggs being taken from

the basket because there is no artificial ice in North York. Newmarket, Sutton, Aurora, Markham and all the rest have all suffered because of this and the paying public have left plenty of money out of town as they faithfully followed the boys. Few people realize it, but the proceeds for a rink from about 25 good games that are now lost by reason of the weather would practically pay for an ice system.
Getting back to Shannon, he is 29, hails from Niagara Falls and was once the property of Toronto

Leafs, being farmed out to Syracuse and from there going to Pittsburgh where he played before receiving his call.
A hand, too, for Junior O'Brien who has justified his inclusion in the Newmarket line-up. The Ottawa boy started out slowly with Newmarket juniors, played swell hockey in every game and when his chance came with Jack Wheeler being injured, he made the best of it. He has a rugged physique and is getting better every game.
Camp Borden Infantry were eliminated from the Camp Borden senior series by Armored Corps, which

now clashes with Army Service Corps for the northern services honors. The black beret team will be remembered from last season's play. From the T. and S. team are Alex. Sandaiack, Mickey Maguire, Glen Brydson and Jimmy Boddy. Brampton Bulls have contributed defencemen Ed Young and Whitey Bartlett and pivot player Bobby McLaughlin. From No. 2 Reg Westbrooke and Lou Brunelle are on hand and from No. 1 Lieut. Al Kunitz, ex-New York Rangers. New recruits to the team are Steve Hymak of Port Arthur Bearcats and Uniac of Stratford Juniors.
A couple of weeks ago the C.A.C. team went north to play a couple of exhibition games with the South Porcupine-Timmins team and broke even. Scintillating for the miners was none other than the old redoubtable Sparky Vail of Newmarket junior fame. Vail is a permanent fixture up north and is enjoying a splendid year at his favorite sport. He has aged well.
Field Marshal Sir Bernard Montgomery in his school days was a keen athlete and captained the St. Paul's school rugby team in 1906. In those days "Monty" was known as "Monkey" to his schoolmates. He had a habit of making a monkey out of the opposition in those days and was always hard to stop. Pommell, Von Runstedt and the rest of the Nazi general staff, if they're still in the land of the living, can testify he is still as tricky as ever.
Combines and Richmond Hill are the finalists in the Richmond Hill and district hockey league. The former eliminated Woodbridge 8-4 in a two-game series and the Hill team downed Maple by 11-4 in a similar series. Some comparison of the calibre of play in Aurora and the Hill may be gathered from the fact the Maple team included in their line-up the Vantorf players, Leonard Shropshire, Ross Pollett and Charlie Case.
Richmond Hill are favorites to take the crown and have a dandy team. Look over their roster. Goal: Pat Patten, ex-Richmond Hill Juniors, and Norm Stundin of the present Hill junior team; defence: Bill Chris, Hill Juniors '44, Doug Palmer, ex-King, Schomberg basher; forwards: Bea Mabey, Sutton Intermediates, Bill Hood, Markham Juniors-Vandorf, Denny Cosgrove, Herb Rose and the Rummy brothers, Richmond Hill Juniors, Jack Watson, Markham Juniors-Toronto army, Al Dewsbury, Toronto Young Rangers, Eddie Michanuk, Markham Juniors-Toronto Mariboros, Gus Noble and Bill McBrien, Toronto mercantile series. Not bad, eh, for bush league hockey? Not bad for intermediate O.H.A. either.
Brougham Bearcats will carry the banner of the South Ontario league in the O.H.A. play-offs since Oshawa Junior B team, which headed the league all season, has with-

drawn to play in their own series. The most famous of the series, the Harpur and the Balthusue lads are still carrying on. Little is known about intermediate hockey this winter but offhand we would say the Bearcats are not likely to go very far.
Red Stormy, ex-Barrie Colts hockeyist, Argos footballer and Orillia lacrosse star, now resident in Montserrat, has married a local lass and is refereeing this winter in the Montreal junior hockey circuit. Swede Paulsen, Brooklyn Americans, playing for Montreal navy, rapped home three goals last week in 31 seconds. That's fast sniping but actually three goals have been scored in 24 seconds in the National Hockey League. In a game between New York Rangers and Montreal Maroons in March, 1932, Maroons were down on the game 3-1 with only a minute to go. The Maroons struck with lightning speed to score three times in 21 seconds, with goals by Hooley Smith, Dave Trotter and Babe Selbert to win out 4-3. What a finish! It will be hard to tie that one anywhere. In a game between New York Americans and Toronto Leafs played at Toronto in 1933, which we saw, eight goals in less than five minutes were scored. Five were scored by the Toronto team and three were scored by the Americans and the clock showed exactly four minutes and 52 seconds.
Now Paulsen's feat was that all goals were scored by himself and looking at it in the N.H.L. it took Carl Desmet of Detroit to rap home the rubber three times in a row one minute and 52 seconds. That was against Chicago Black Hawks at Detroit Olympia in 1935.
Eddie King, formerly of Marlborough and for years a favorite in mercantile hockey circles, has joined the navy and was included in the tars' line-up against Newmarket. "Chum" is a fine acquisition and in addition to that, is one of the best softball players in the Queen City.
We don't know the answer to it but we saw the name Mann included in the New York Rangers line-up last week. That reads like Normie Mann, whom, we understand, is either now discharged or about to be discharged from the Canadian navy. We'll have the correct dope on it when our Halifax correspondents drop us a line.
Camp Borden Flyers won the Ontario command hockey title last week, bringing to those two Newmarket products, Stan Evans and Red Mathewson, their first championships at the winter sport. Stan, especially, has been playing fine hockey this winter. Hayden McDonald of Oshawa, who conducts a business in the motor city as well as in Aurora, is the sponsor of Oshawa juveniles who are making a good showing in the O.M.H.A. playdowns.
Bolton took Bradford in their series and are still in there pitching. The Bradford kids made a good showing, however. A series between Bolton and Aurora would be a dandy. Once again the small towns, even in the lowest of the minor series, will have to take to artificial ice to decide the issue.
The Chin brothers are still burning up the ice for Lucknow which is the favorite for the Ontario juvenile B title this season. The three Chinese youngsters should be ready to move up to Junior A next winter. George, the youngest, is playing midgit as well as juvenile.
Charlie Hemstead, once backer of Markham Juniors and one of Ontario's leading race horse owners, has three race tracks on his farm at Yonge St. and Steeles Corners. He has an indoor track where the horses are exercised all winter, a straw ring upon which the horses are being legged up in readiness to run for the first time on the new oval which is three-quarters of a mile in distance. Last year the work was done on the now track with tons of sand being used for a suitable base with the clay and there was there. Fifty-two horses, including boarders and Mr. Hemstead's own string, will shortly be seen in the daylight, hard at work, and motorists and bus travellers will doubtless be catching an eyeful. Not a bad spot to visit when you've some time to spare and if we know the boys, they'll find time for there's nothing much better than to watch horses being readied for the racing season. Even those who never lay a wager (and we happen to be one, believe it or not) feel that way about it.
After the war Mr. Hemstead may possibly secure a charter for a brand new race track. The site is ideal for one too.

Equal Opportunity
While statesmen discuss equal opportunity after the war for all people, many Canadians can not make full use of today's opportunities because of defective eyesight.
Even minor deficiencies may interfere with acquisition of knowledge and skill needed for successful living. Children find school difficult and tiring . . . adults work with lowered efficiency. Yet most visual defects may be corrected with properly fitted glasses. A careful eye examination will tell if your eyesight is adequate.
Enquire about Correctal Lenses when you have your eyes examined. They give full, clear vision to the very edge.

THE Continuing Job of the CANADIAN RED CROSS
THE EUROPEAN WAR is nearing its end. That is obvious. Many people, including members of the Canadian Red Cross, have asked us what our job will be if the war should suddenly end.
We reply that we can only see ahead greater responsibilities than ever. Both in Europe and at home the work of the Red Cross must go on. The war will not bring an end to suffering and want, to the care of our Prisoners of War, to our Wounded, and to the millions whose homes and way of life have been dislocated by strife.
We therefore feel that every Canadian has a right to some knowledge of what our responsibilities will be in the event of peace, and just how we propose to discharge those responsibilities. We treat each of our main activities under its respective heading.
PRISONERS OF WAR—With the end of hostilities our Prisoners of War will automatically cease to be Prisoners. Chances and breakdown in Germany will probably ensue. The German state will cease to care for them. They will become wards of the Allied General in command of the Occupation Forces. Transportation will be difficult, and it will probably take a minimum of six months to repatriate the 2,400,000 Canadian, British and Allied Prisoners in German Camps. The need of Prisoners' Parcels and Medical Supplies will be doubled. They will be distributed by the Allied Command, and will play a vital part in feeding our men pending repatriation. After the magnificent job we have done during the last five years we cannot let our boys in German prison camps down. Our Prisoners in the Far East will also be a continuing responsibility. We must carry on until every man is back home.
EUROPE'S STARVING MILLIONS—The job of feeding Europe's hungry millions is staggering in its immensity. Over 17,000,000 humans have been torn from their homes. Many have nowhere to rest their weary heads. They are starving. Malnutrition is the rule rather than the exception. There will be an urgent need for food, clothing and medical supplies. The Red Cross in these stricken countries are utterly dependent on their sister societies for supplies to meet these dire needs. Can we let them down? The Canadian Red Cross must go on!

By GEORGE H. MITCHELL
M.P.P. For North York

There is considerable con-
jecture as to whether the provin-
cial government will last out this
session. The question has be-
come acute since last Tuesday,
when Opposition Leader Jolliffe
moved an amendment in the de-
bate on the speech from the
Throne. The amendment ex-
pressed regret that the govern-
ment had not assisted in building
national unity, that they had
failed to keep their promises
about education, health services
and so on, and that they had not
provided adequate farm and
labor legislation, or proper post-
war planning.

This amendment will not come
to a vote for at least another
week, perhaps longer. When it
does, the Liberals, who hold the
balance of power, will have to
decide how they intend to vote.
Apart from the Throne speech
debate, the House has given
most of its time to election legis-
lation. The Active Service Elec-
tion Act, which gives a direct
vote to members of the armed
forces, has passed through all its
stages and is now law, though
the regulations for taking the
vote have still to be drawn up.
For the past week we have been
considering changes in the ma-
chinery for making up voters'
lists and taking the vote at
home.

Much discussion took place in
the house with regard to lower-
ing the voting age to 18, it being
pointed out by a number of
speakers that many of our young
men and women of that age were
serving their country and in
other ways accepting full citizen-
ship and adult responsibility. I
am personally in agreement
with this proposal. I feel that it
would encourage our young
people to take more interest in
public affairs when they have
some say in the matter.

The new Election Act, the re-
sult of the work of a select com-
mittee of the House, makes a few
important changes in election
machinery. It provides for the
appointment of paid scrutineers,
and for a permanent returning
officer in each riding. It also
tightens up the method of enu-
meration to make sure that num-
bers are not left off the list.

A select committee has been
appointed to enquire into the
whole field of labor legislation,
and compare Ontario law with
that in other provinces and other
countries. This has been hailed
as a victory by some labor
people, but there is danger it
may boomerang. With such a
wide field to cover, there is a
possibility that the committee
cannot make a complete report
before next year's session. In
the meantime, any changes
which may be proposed in the
existing labor law will undoubt-
edly be sidetracked by referring
them to the committee.

Three interesting bills have
been introduced in the House,
one an act respecting housing
standards, which would allow
any municipality to set up mini-
mum standards of fitness for
dwellings. They could insist on
proper cleanliness, efficient
plumbing and heating equip-
ment, and good condition of
walls and roofs. Where rented
property falls below the stand-
ard set, the local authorities may
require the landlord to make
needed repairs or improvements,
and if he cannot afford it the
municipality may loan him
money at not more than five
percent.

An amendment to the Public
Utilities Act would allow mun-
icipal public ownership for fuel
and ice on the same basis as
waterworks, gas plants and
hydro.

Another member has intro-
duced two proposals with regard
to municipal elections. He would

Eleanor Hughson and Norene Walker in the costumes they wore
at the Newmarket Ice Follies. Photo by Budd.

eliminate the clause which dis-
qualifies any one who owes
more than three months' rent
from running for council, and
would prohibit newspapers from
publishing election advertise-
ments on voting day.

Two C.C.F. members objected
to misleading reports in the Can-
adian Tribune, the Labor-Pro-
gressive party paper. The Tri-
bune has charged them with
giving "aid and comfort to the
Tories."

I propose to bring several mat-
ters to the attention of the gov-
ernment during the next few
days, and will explain in detail
next week.

MOUNT ALBERT
MORLEY BAIN IS NEW MASTER OF L.O. LODGE

The L.O.L. held its election of officers on Friday evening. The following were put in: master, Morley Bain; deputy-master, Stuart Stickwood; chaplain, Wilmet Bain; rec. sec., Bill Kirton; financial sec., Milton Gibney; treas., Alf Parks; first lecturer, F. Andrews; marshal, R. Stickwood; first com. man., A. Madill.

Morley Bain is the third generation to be master of this lodge as his grandfather, Robt. Bain, was also a charter member of Mount Albert lodge.

The L.O.L. group met on Saturday evening at the home of Mrs. S. Thompson. The president, Mrs. Grant Ferguson, was in the chair. There were 34 ladies present. They voted \$10 to the boys' boxes for overseas. Mrs. Will Shillinglaw was in charge of the devotional and social part of the program. Miss Lola Campbell gave a fine history of the community.

Mr. and Mrs. Roy Carr were Sunday guests at the home of Mr. and Mrs. Milton Gibney, Holt.

The Horticultural Society will meet in the board room Monday night, March 2. Delegates to the convention will give their reports. Carl Lees attended the Horticultural convention in Toronto last week.

Eleven members of Mount Albert L.O.L. visited Island Grove lodge on Monday evening.

Pte. John Lunau, Brantford, and Mrs. J. Lunau, Aurora, spent the weekend with Mr. and Mrs. W. Rolling, Aurora, was home over the weekend.

MOUNT ALBERT
Mrs. W. L. Carruthers Again Heads Red Cross

A largely attended meeting of the Mount Albert branch of the East Gwillimbury Red Cross was held in the board room on Monday evening, Feb. 26.

Mrs. W. L. Carruthers, the president, gave a comprehensive report of the vast amount of work done by the ladies of the community and thanked them for their co-operation in this needy work.

During the year two successful card parties were held, ration books were issued, one salvage drive was conducted by the high school pupils, under the leadership of H. J. Thompson, 34 Christmas parcels were packed for overseas and the district contributed its share of blood donors to the clinics held in Newmarket.

J. A. Tilley gave the treasurer's report showing total receipts for the year as \$1,338. Mrs. G. W. E. Macpherson reported on the nursing classes and Miss E. Hayes gave the report of the workroom showing 582 sewn articles made which included ten cot quilts, 31 large quilts and 205 articles knitted.

The meeting commended Mrs. Carruthers for the fine achievements of the 1944 season and expressed their appreciation of her untiring efforts in office.

The officers for 1945 are as follows: pres., Mrs. W. L. Carruthers; vice-pres., Roy Stewart, Ed Watts, Milt Gibney, Geo. Price; sec., Mrs. H. J. Kurtz; treas., J. A. Tilley; press sec., Mrs. W. R. Steeper; workroom con., Miss E. Hayes.

Mrs. Horner Was Known For Kindly Disposition

After a brief illness, Velma Mildred Comer, wife of Norman Horner, died in the Private Patients' Pavilion, Toronto General Hospital, on March 1. She had been ill only about ten days.

Mrs. Horner was born at Jackson's Point in 1896, the only daughter of the late Mr. Thos. Comer and Mrs. Comer Baldwin. She married Norman Horner in 1924. They farmed on the Horner farm until a year ago when they retired to the village to make their home.

Surviving are her husband, two daughters, Laura and Reta, her mother, Mrs. Comer, three brothers, Merlin, Baldwin, Elmer, Mount Albert and Murray, Udonia.

The funeral was held on Saturday, March 3, with a private service at her home followed by a public service at Zephyr United church. Rev. A. P. Bamford was in charge. Interment was made in Zephyr cemetery.

The pallbearers were A. Crowle, F. Curi, E. Howlett, A. Armstrong, Fred Walker and Dewey Graham.

Mrs. Horner was one of the community's most highly respected citizens. She had a quiet, kindly disposition and was always ready to help with anything, especially in the church, Women's Institute and Women's Missionary Society. The large number who gathered at the funeral and the floral tributes showed the high esteem in which Mrs. Horner was held.

Floral tributes were sent by relatives, Zephyr United church, Zephyr Women's Institute, Elm Grove Institute, Newmarket high school, Asca (girls in residence at Victoria College), and Zephyr nursing club.

This is YOUR way

to send food and clothing and medical supplies to the sick and hungry in these ravaged lands . . .

Listen to the cries of thousands of homeless children and old folks suffering while we are safe.

Listen to your heart—and respond.

Out of our security—out of our plenty, we must give freely.

By contributing to the Red Cross you will send help through the kindly hands of men and women trained in personal service to those in direct need.

★ In collaboration with the Red Cross, which is undertaking the task of distribution through its world-wide organization, we are appealing for funds to send urgently needed supplies to the homeless and destitute in our home lands.
